1.0 License Agreement

Smart Loops License Agreement for "SL Session Drummer"

All sounds, samples, files, and text contained in the SL Session Drummer collection are property of Smart Loops. The buyer of this product is licensing the right from Smart Loops, to use these files as part of their own musical productions, for profit or not. These sounds cannot be resold in the current format, or any other format, as is prohibited by law.

Using these samples and files in your own songs and productions, and making a profit from your songs is permitted. Transferring, or reselling these samples and files, in any format, not as part of your personal songs and productions, and marketed as such, is not permitted.

2.0 Samples

SL Session Drummer includes 34 SFZ multisample maps for use with Session Drummer 2 and other samplers that support the SFZ format. The samples were created from 4 complete sample sets and optimized for use in Session Drummer 2.

SL Groovy Kit

This small kit is recorded and tuned specifically for jazz, latin, acid jazz, and when you're looking for a very unique drum sound for rock and pop

SL Groovy Kit Brushes

The SL Groovy Kit recorded with brushes for a softer feel.

SL Tight Kit

Dry and tight, full EQ, compressed and ready to go with a tight studio sound.

SL Tight Kit Room

BIG "Bonham" room sound with full EQ, compressed and ready to go with a tight studio sound.

You can load the Pads in Session Drummer 2 with the samples from 1 kit or mix and match to create your own custom kits. Please see the Session Drummer 2 documentation for additional information.

3.0 Key Mapping

For maximum compatibility with existing files the General MIDI Drum note mapping was used as a guide. However some changes were made to add additional samples and improve ease of use.
