

Quick Web Search

www.geocities.com/morphosisgames

I find myself going to different web search pages to find one thing, fast!! But, I spend some time going to each site, search sites that is, one at a time and then search for what I need. That is what gave me the idea to search any site with a click of a button. The idea created Morphosis Quick Web Search. A simple app for you and me. Enjoy.

This will take you to my site. :)
